Chattanooga, Tennessee 37406

The Chattanooga Police Department is pleased to submit the following Annual Report for the Year 2008. This report reflects the outstanding efforts of patrol as well as the different divisions of the department.

A great city deserves great public safety, and in Chattanooga we have both! I would like to thank Mayor Ron Littlefield and the members of the City Council for their support. Over the past few years we have improved our technology with cameras in most marked police units. Marked police units also have computers with air cards. Training of our new and our veteran Officers has improved greatly.

We have a strong partnership with the various communities throughout the city. This always results in the crime rate going down and the quality of life going up. With the help of our citizens, our neighborhoods are safer and Investigative Services are clearing more cases.

The most important part of the Chattanooga Police Department is the men and women who work here. They are dedicated professionals who are committed to serving our citizens and making Chattanooga a safe place to work, live, and play.

Sincerely,

Freeman Cooper
Chief of Police
